TRICICLO 207
S P O R T

TRICICLO 207

S P O R T

Better equipped to have fun safely.

Ormesa's **207 Sport Tricycle** is an assistive device for children and adults who have trunk control and awareness of their surroundings.

The tricycle **facilitates safe and independent movement**, with maximum ground adherence and stability.

The forward position of the bottom bracket in relation to the saddle and height of the steering column and handlebar **facilitate the maintenance of an aligned position** that in turn facilitates the movement of pedaling and breathing.

PRODUCT
MARKED 

Made for you

The 207 tricycle is designed for everyone: 5 s

size 1
207-1 mini 12"

size 2
207-2 small 14"

size 3
207-3 medium 16"

sizes to meet the needs of adults and kids

size 4
207-4 large 20"

size 5
207-5 maxi 24"

Different gearings

Fixed-gear

supplied as standard to allow backwards pedalling. An optional **freewheel model** for only forward pedalling is available on request.

Differential

this **greatly facilitates turns** by allowing the two rear wheels to move at different speeds, with the inner wheel travelling a shorter distance than the outer one.

Models 207 3D, 4D, 5D

On request, the tricycle can be supplied with **differential and freewheel gearing** or **differential and fixed gearing** (only sizes 3, 4 and 5).

Technical features and adjustments

Front brake

operated by a lever on the right or left handlebar. The distance between the brake lever and the handlebar is adjustable by screw.

Blocking system

for safe and easy getting on and off. Only sizes 3, 4 and 5.

Bell

to warn others you are there.

Lamp

for safety and control. Only sizes 4 and 5.

Basket

for the important things you want to keep with you.

Ergonomic saddle

designed for maximum comfort. Height adjustable.

Mudguards

rain, dust and mud are no problem.
Only sizes 3, 4 and 5.

Wheels

free spinning ball bearing wheels.
High-performance, light and shock-resistant.

Folding frame

to reduce the encumbrance during
transport. Only sizes 2, 3, 4 and 5.

Handlebar

height adjustments.

Other components

840 Pedal cage
with strap.

841 Pedal cage
with foot imprint and fastening strap.

	misure impronta 841			lung. scarpa utente
	A	B	C	D
mis. 1/2	7 cm	16,5 cm	9 cm	da 18 a 21 cm
mis. 3	8,2 cm	20 cm	10,4 cm	da 21 a 24 cm
mis. 4/5	9,4 cm	22,5 cm	12 cm	da 24 cm

846 Ankle support
with calf adjustment (for use with the 841 pedal cage).

847 Crank
adjustable length crank. Only sizes 4 and 5.

Warning: It facilitates balance, but should not be used to support a user that does not have full trunk control.

842 Concave backrest with strap
increases the distance between saddle and pedal by 3 cm.

Other components

Maximum load	30 kg	45 kg	60 kg	90 kg	100 kg

A blurry background image of a person in a white shirt with a red logo, possibly a soccer player, in front of a brick wall. The person is out of focus, and the brick wall is the primary focus of the background. The lighting is warm and natural, suggesting an outdoor setting.

Pietro and his story await you in
official website Ormesa, together
with other protagonists of our
fantastic global community.

A special thanks to the families who participated with enthusiasm in our project. It is thanks to our customers and their stories that we find the energy and stimuli to evolve day by day.
