

VW CADDY 5 MAXI LOWERED FLOOR

Space and Comfort

The Caddy Maxi F-Style makes every journey easy and comfortable. The wheelchair user gains access to the vehicle from the rear using the all new, lightweight and practical ramp.

Safety and Reliability

The 4-point floor anchorage and the 3-point seat belt ensure the highest safety measures for the wheelchair user in full compliance with the regulation ISO 10542. The Caddy Maxi F-Style has undergone the most stringent tests to obtain European type-approval, guaranteeing maximum customer safety.

Elegance and Style

The F-Style conversion represents a new era of accessible vehicles and raises the standards of the car while maintaining the usual levels of design and style of Volkswagen. Stylistic research and attention to detail are the distinctive features of the conversion designed and manufactured entirely in Focaccia Group.

Genius Ramp

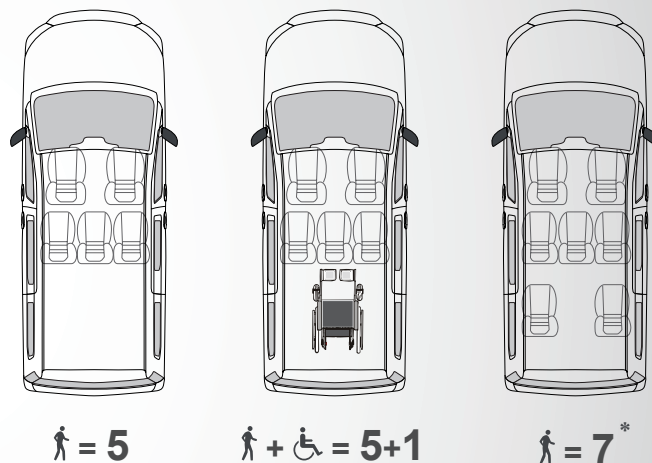

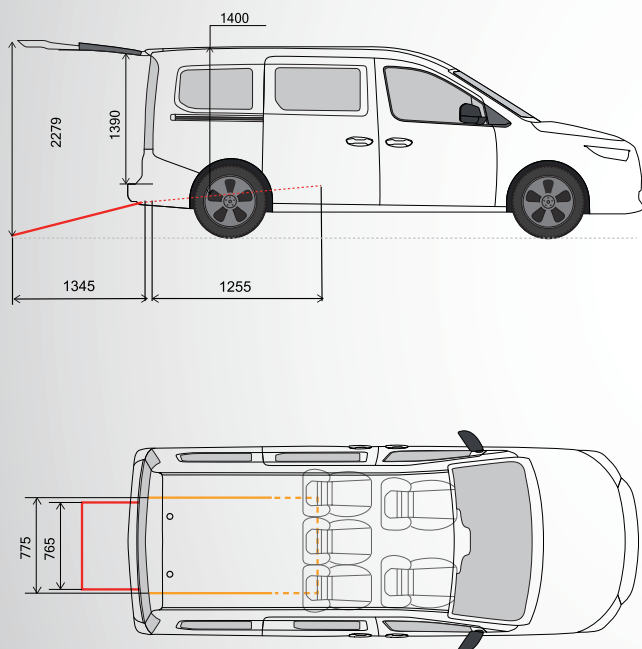

The Genius Ramp is a practical system allowing the access ramp to fold internally and recreate a flat surface useful for positioning luggage, objects or shopping when the wheelchair user is not in the vehicle, making the car useful for families and equally for professionals such as taxi drivers and rental companies and others.

F-WINCH

The **F-Winch** is an innovative electric winch that assists wheelchair access to the vehicle gently and without any effort. Equipped with the easy to use wired or wireless radio controlled "F-Remote".
